

Listed below are known citations to the NASA Socioeconomic Data and Applications Center (SEDAC) *Climate Effects on Food Supply* data collection. The data collection, and specific data set (if known), being cited are beneath each citation. Citations to multiple collections/sets are listed on separate lines. If a publication cites remotely sensed earth observation data, whether from NASA or another source, those instruments and/or platforms are listed as well.

List last updated on 3 October 2023.

- Agbogidi, O. M. (2011). Global climate change: A threat to food security and environmental conservation. *British Journal of Environment and Climate Change*, 1(3), 74-89. doi:10.9734/BJECC/2011/206
Climate Effects on Food Supply (Potential Impacts of Climate Change on World Food Supply, v1)
