

Listed below are known citations to the NASA Socioeconomic Data and Applications Center (SEDAC) *Superfund Site Footprints* data collection. The data collection, and specific data set (if known), being cited are beneath each citation. Citations to multiple collections/sets are listed on separate lines. If a publication cites remotely sensed earth observation data, whether from NASA or another source, those instruments and/or platforms are listed as well.

List last updated on 3 October 2023.

Chang, H. F., & Sigman, H. (2014). An empirical analysis of cost recovery in Superfund cases: Implications for brownfields and joint and several liability. *Journal of Empirical Legal Studies*, 11(3), 477-504.
